## **GATS 2000**

### **REQUEST FROM THE EC AND ITS MEMBER STATES (HEREAFTER THE EC)**

#### **TO**

#### **SURINAME**

#### **GENERAL REMARKS**

At the WTO Ministerial Conference in Doha in November 2001, ministers agreed that initial requests for specific commitments should be submitted by 30 June 2002.

In line with this decision, and committed to the objectives and principles stated in the GATS, in particular Article IV and XIX GATS, as well as the negotiating guidelines agreed by the Council for Trade in Services on 29 March 2001, the EC encourages Suriname to participate actively in the negotiations.

The EC considers that the progressive liberalisation of services is of benefit for all members, including developing and least developed countries. In this context, the EC recognises the importance of liberalisation being underpinned by domestic regulatory frameworks designed to ensure the achievement of public policy objectives.

This request covers horizontal commitments, MFN exemptions and the following service sectors:

- Business services
- Telecommunication services
- Transport services

The EC proposes that Suriname's current GATS commitments are revised in accordance with this request. The EC is both seeking improved commitments and clarification of existing commitments as set out in this Request. The EC is furthermore looking for a reduction in scheduled limitations whether these are horizontal or sector specific in nature. In so doing, the EC is not seeking the dismantling of public services nor the privatisation of state owned companies.

In conformity with the objectives set out in the EC overall approach to services negotiations (document S/CSS/W /15), the EC reiterates its commitment to promote regulatory disciplines in accordance with Article VI:4 of the GATS. The EC, however, reserves its right to address at any time to Suriname specific requests concerning regulatory issues.

The EC further requests that commitments are entered in accordance with the scheduling guidelines adopted by the Council of Trade in Services on 23 March 2001 (S/L/92). In particular, for each commitment or limitation entered the EC requests:

- that the sector and sub-sector are clearly identified in accordance with the classification list in Document MTN.GNS/W /120 or other internationally recognised classification (e.g. Financial Services Annex) and/ or corresponding CPC number. If there is no appropriate classification, the schedule should contain a sufficiently detailed definition to avoid any ambiguity as to the scope of the commitment.
- that any remaining limitation on market access (hereafter "MA") or on national treatment (hereafter "NT") are clearly described and only be inscribed in the market access or national treatment columns if the measure is of a nature foreseen by Articles XVI-XVII GATS.

The EC remains available to provide any clarification and answer any question on this request. Questions can be addressed to the European Commission via the EC GATS contact point (mailbox address: TRADE-GATS-CONTACT-POINTS@cec.eu.int), via the Delegation of the European Commission in Geneva, or directly to the European Commission (Directorate- General Trade, Unit D2 (Trade in services, including e-commerce), Brussels, B-1049, Belgium, fax 32-2-299 24 35).

*Note: The EC reserves the right to revise and/or supplement this request. For each service sector, WI20 classification has been followed unless expressly indicated and CPCs refer to the Provisional CPC classification. The precise scope for each sector is without prejudice to the EC's final positions on classification issues and to the EC's classification of their existing commitments.*

# HORIZONTAL COMMITMENTS

## EC REQUEST TO SURINAME

### MODE 4

#### **Definitions**

- It is not clear what is covered by the terms “senior managerial personnel” and “technical experts”. **EC request:** Define terms in schedule.

#### **Intra-corporate transferees**

An intra-corporate transferee (ICT) is an employee of a foreign firm, who is temporarily transferred to an affiliate of that firm (branch, subsidiary, office, joint venture etc.) in Suriname. The EC considers that Suriname’s current commitments cover intra-corporate transferees who are “senior managerial personnel” or “technical experts”, subject to the application of Economic Needs Test (“not available in the local labour market”). **EC request:**

- Remove application of Economic Needs Tests for ICTs.
- Clarify the minimum length of prior employment required of ICTs.
- Clarify the maximum length of stay of ICTs.
- Clarify degree of affiliation required between companies.
- The EC also requires that a commitment be made to allow as intra-corporate transferees without requiring an economic needs test « persons with a university degree or equivalent technical qualification who are transferring for career development purposes to obtain training in business techniques or methods. The maximum prior employment requirement should be one year.

#### **Business Visitors**

A Business Visitor is a representative of a foreign services supplier who is seeking temporary entry into the territory of Suriname for one of the following purposes: (a) to hold meetings and/ or to negotiate the sale of services; (b) to conclude contracts to sell services; or (c) to set up a Mode 3 presence. A Business Visitor does not himself directly provide services or sell to the public. Business Visitors are usually granted entry for 90 days periods at a time. The EC considers that Suriname’s current commitments cover all Business Visitors – entering for any of the purposes indicated above – who are “senior managerial personnel” or “technical experts”. **EC request:**

- Remove application of Economic Needs Tests for all Business Visitors.
- Extend commitments on Business Visitors who are entering to carry out activities listed at (a) or (b) to all such Business Visitors. The maximum length of stay should be at least 90 days in any 12 month period.

*Note: Mode 4 is covered horizontally in this part for all service sectors. The sectoral requests in the following pages only refer to mode 4 when specifically related to one particular service sector.*

## **BUSINESS SERVICES (OTHER THAN PROFESSIONAL)**

### **EC REQUEST TO SURINAME**

#### **B. COMPUTER AND RELATED SERVICES**

Suriname has not committed this sector. The EC requests that it be committed at the two-digit level as follows:

##### **Computer and Related Services (CPC 84)**

- Modes 1, 2, 3: Take full commitments, i.e. schedule “none” under MA and NT;
- Mode 4: Commit as referred to in the section “Horizontal Commitments”.

#### **F. OTHER BUSINESS SERVICES**

Suriname has not committed this sector. The EC requests that it be committed as follows:

##### **c) Management consulting service (CPC 865)**

##### **d) Services related to management consulting (CPC 866)**

For each of the above two sub-sectors:

- Modes 1, 2, 3: Take full commitments, i.e. schedule “none” under MA and NT;
- Mode 4: Commit as referred to in the section “Horizontal Commitments”.

# **TELECOMMUNICATION SERVICES**

## **EC REQUEST TO SURINAME**

A competitive telecommunications market reduces costs for industry and private users, and facilitates and improves communication between both businesses and individuals. This enables companies in all sectors to react more quickly and adequately to the needs of consumers, to gain efficiency, raise their productivity and provide more goods and services more efficiently and at a better price. In particular, investments in this sector stimulate the development of electronic commerce, which can spur growth in almost all services sectors, regardless of the level of development of the country.

However, in order to achieve a really competitive telecommunications market in terms of price and supply, an adequate regulatory framework must be put in place, along the lines of the reference paper drafted during the telecommunications negotiations concluded in 1997. Such a regulatory framework is the necessary catalyst, if properly enforced, for competition to bear fruit where it is allowed.

Suriname has indeed already taken commitments in this sector, by committing to the reference paper of the Basic Telecommunications negotiations and opening its market partially to competition. Accordingly the EC suggests that Suriname further commits to open a number of sub-sectors to full competition and to unrestricted foreign investment (today limited to 40%). In particular data transmission related services provide the key infrastructure that benefits the rest of the economy. Thus, the schedule should read "None" for market access and national treatment in the following sub-sector. (CPC 7523) data and message transmission services.

As regards voice services, the EC suggests to allow competition (Thus, the schedule should read "None" for market access and national treatment) at least in mobile services.

# TRANSPORT SERVICES

## EC REQUEST TO SURINAME

Suriname has partly committed the transport sector. The EC requests Suriname to take the following commitments.

### **A. MARITIME TRANSPORT**

**EC Request:** Take commitments in accordance with the attached model schedule (Annex 1). In particular for the following areas:

- 1) **International transport** (freight and passengers) CPC 7211 and 7212
- 2) **Additional commitments** for access to and use of ports facilities
- 3) **Maritime auxiliary services** (maritime cargo handling, storage and warehouse services, customs clearance services, container station and depot services, maritime agency services)
- 4) **Multimodal activities:** for inland forwarding of cargoes – commit the ability to rent or lease or to have access to and use of multimodal facilities (as specified in the note to the schedule).
- 5) **Definitions** – commit definitions as specified in the model schedule

The EC also requests the following additional maritime commitments from Suriname:

- 6) **Equipment:** To facilitate planning of their businesses, operators should be allowed to reposition their equipment, such as empty containers, between ports of Suriname, when it is not carried against payment. This is requested to be committed in a new footnote:

*“9. Movement of equipment. International maritime transport suppliers can move/reposition equipment (i.e. empty containers, flatbeds etc.) on their vessels between ports of Suriname.”*

- 7) **International cargo.** With the development of containerisation and high frequency networking services and with the ever-larger vessels having to limit direct port calls for physical or economic reasons, the feeding of cargoes between main ports and way ports is becoming more important as an integral part of efficient international maritime transport. An international maritime transport supplier should be allowed to operate feeder services for its international cargo between ports of Suriname. This is requested to be committed in a new footnote:

*"10. International maritime transport suppliers can operate vessels of any flag for the purposes of pre- and onward carriage of the international cargo between ports of Suriname."*

In this context Suriname may wish to take one or more of the following principles into consideration:

- Size of the port
- Binding existing ad hoc practices. To the extent exceptions are already granted for use of foreign flagged vessels such practices could be bound to explicitly cover pre- and onward carriage of international cargo.
- Geographical limitations: Transport of international cargo between ports within the same district [or other relevant entity] remains excluded.

### **C. AIR TRANSPORT**

#### **1) Maintenance and repair of aircraft and parts thereof**

##### **EC Request:**

- Modes 2 and 3: Take full commitments, i.e. schedule “none”, under MA and NT
- Mode 4: Commit as referred in the section “Horizontal commitments”

#### **2) Selling and marketing**

##### **EC Request:**

- Modes 1,2 and 3: Take full commitments, i.e. schedule “none”, under MA and NT
- Mode 4: Commit as referred in the section “Horizontal commitments”

#### **3) Computer Reservation Systems**

##### **EC Request:**

- Modes 1,2 and 3: Take full commitments, i.e. schedule “none”, under MA and NT
- Mode 4: Commit as referred in the section “Horizontal commitments”

#### **4) Groundhandling services, as specified in the attached definitions (Annex 1)**

##### **EC Request:**

- Modes 2 and 3: Take full commitments, i.e. schedule “none”, under MA and NT
- Mode 4: Commit as referred in the section “Horizontal commitments”

**5) Airport management services, as specified in the attached definitions (Annex 1)**

**EC Request:**

- Mode 3: Take full commitments, i.e. schedule “none”, under MA and NT
- Mode 4: Commit as referred in the section “Horizontal commitments”

**H. SERVICES AUXILIARY TO ALL MODES OF TRANSPORT**

**b) Storage and Warehouse Services (CPC 742)**

**EC Request:**

- Modes 2 and 3: Take full commitments, i.e. schedule "none", under MA and NT
- Mode 4: Commit as referred in the section "Horizontal commitments"

**c) Freight Transport Agency/Freight Forwarding Services (CPC 748) and Pre-Shipment Inspection (part of CPC 749)**

**EC Request:**

- Modes 1,2 and 3: Take full commitments, i.e. schedule "none", under MA and NT
- Mode 4: Commit as referred in the section "Horizontal commitments"

## NOTE TO THE SCHEDULE

Where road, rail, inland waterways (and) (related) (auxiliary) services are not otherwise fully covered in (this) (a Member's) schedule, a multimodal transport operator (as defined below - 3) shall have the ability to rent or lease trucks, railway carriages or barges and related equipment, for the purpose of inland forwarding of cargoes, or have access to, and use of, these forms of multimodal activities on reasonable and non-discriminatory terms and conditions for the purpose of carrying out multimodal transport operations. (« Reasonable and non-discriminatory terms and conditions» means, for the purpose of (multimodal transport operations), (this additional commitment), the ability of the multimodal transport operator to arrange for the conveyance of its merchandise on a timely basis, including priority over other merchandise which has entered the port at a later date).

### DEFINITIONS

1. Without prejudice to the scope of activities which may be considered as «cabotage» under the relevant national legislation, this schedule does not include «maritime cabotage services », which are assumed to cover transportation of passengers or goods between a port located in ... [name of country] ... and another port located in ... [name of the country], traffic originating and terminating in the same port located in [name of country] provided that this traffic remains within ... [name of country]'s territorial waters and transportation of passengers and goods between a port located in ... [name of the country] ... and installations or structures situated on the continental shelf of [name of the country].

2. « Other forms of commercial presence for the supply of international maritime transport services » means the ability for international maritime transport service suppliers of other Members to undertake locally all activities which are necessary for the supply to their customers of a partially or fully integrated transport service, within which the maritime transport constitutes a substantial element. (This commitment shall however not be constituted as limiting in any manner the commitments undertaken under the cross-border mode of delivery).

These activities include, but are not limited to:

- (a) marketing and sales of maritime transport and related services through direct contact with customers, from quotation to invoicing, these services being those operated or offered by the service supplier itself or by service suppliers with which the service seller has established standing business arrangements;
- (b) the acquisition, on their own account or on behalf of their customers (and the resale to their customers) of any transport and related services, including inward transport services by any mode, particularly inland waterways, road and rail, necessary for the supply of the integrated services;
- (c) the preparation of documentation concerning transport documents, customs documents, or other documents related to the origin and character of the goods transported;
- (d) the provision of business information by any means, including computerised information systems and electronic data interchange (subject to the provisions of the annex on telecommunications);
- (e) the setting up of any business arrangements (including participation in the stock of a company) and the appointment of personnel recruited locally (or, in the case of foreign personnel, subject to the horizontal commitment on movement of personnel) with any locally established shipping agency;
- (f) acting on behalf of the companies, organising the call of the ship or taking over cargoes when required.

3. « Multimodal transport operators » means the person on whose behalf the bill of lading /multimodal transport document, or any other document evidencing a contract of multimodal carriage of goods, is issued and who is responsible for the carriage of goods pursuant to the contract of carriage.
4. « Maritime cargo handling services » means activities exercised by stevedore companies, including terminal operators, but not including the direct activities of dockers, when this workforce is organised independently of the stevedoring or terminal operation companies. The activities covered include the organisation and supervision of:
- the loading/ discharging of cargo to/from a ship;
  - the lashing/unlashing of cargo;
  - the reception/ delivery and safekeeping of cargoes before shipment or after discharge
5. « Customs clearance services » (alternatively « customs house brokers' services ») means activities consisting in carrying out on behalf of another party customs formalities concerning import, export or through transport of cargoes, whether this service is the main activity of the service provider or a usual complement of its main activity.
6. « Container station and depot services » means activities consisting in storing containers, whether in port areas or inland, with a view to their stuffing/ stripping, repairing and making them available for shipments.
7. « Maritime agency services » means activities consisting in representing within a given geographic area, as an agent the business interests of one or more shipping lines or shipping companies, for the following purposes:
- marketing and sales of maritime transport and related services from quotation to invoicing, and issuance of bills of lading on behalf of the companies, acquisition and resale of the necessary related services, preparation of documentation, and provision of business information;
  - acting on behalf of the companies organising the call of the ship or taking over cargoes when required.
8. « Freight forwarding services » means (the activity consisting of organising and monitoring shipment operations on behalf of shippers, through the acquisition of transport and related services, preparation of documentation and provision of business information)..

## **ANNEX 2: FACILITATING AIR TRANSPORT SERVICES**

### **Ground-handling Services**

Efficient ground-handling is essential to the proper functioning of air transport and competition between operators in this area ensures that proper use is made of air transport infrastructure. It helps reduce the operating costs of airlines and improves the quality of service for airport users.

For specialised groundhandling suppliers the following activities are requested:

- Ground Administration – supervision and administration at the airport (CPC 7461);
- Passenger Handling – assisting arriving, departing and transfer passengers (CPC 7461);
- Baggage Handling – handling baggage in the sorting area (CPC 7461);
- Freight and Mail Handling – physical handling of freight and mail, dealing with security and customs procedures (CPC 74110 (container handling services) and 74190 (other cargo handling services));
- Ramp Handling – marshalling and moving the aircraft, loading and unloading of aircraft, transport of passengers, freight, supplies (CPC 7469).
- Aircraft Services – cleaning the aircraft, heating and cooling, removal of snow and ice (CPC 7469);
- Fuel and Oil Handling – organisation and provision of fuel and oil;
- Aircraft Maintenance – covered specifically by the Annex as above;
- Flight Operations and Crew Administration – preparation of the flight, inflight and post-flight assistance, crew administration;
- Surface Transport – organisation and execution of transport within airport – except to and from aircraft;
- Catering Services – administration, storage, preparation and delivery of bar and food supplies (CPC 6423).

### **Airport management services**

Airport management services constitute the core activities of airport services providers and cover: Airport operation services (excl. cargo handling), including passenger air terminal services and ground services on air fields, including runway operating services, on a fee or contract CPC 74610. Activities are also related to “other management consulting services” (CPC 86509) and activities separately specified under “other management services not elsewhere classified”(CPC 86609). A commitment will allow services suppliers to take an equity stake in - and engage in the overall operation and management of - airports when these are open for investments from private operators. Thereby it will bind existing common practices in the sector.
